The most comprehensive
 4WD Day Tour originating Noosa

Eli Creek - the largest along the eastern coastline of Fraser Island.
 Float lazily down this beautiful, swift flowing stream as it releases an incredible 80 - 100 million litres of pure, freshwater daily.

Tour Itinerary

Your adventure unfolds...

- Once departed Rainbow Beach we make the Fraser Island crossing from Inskip Point to Hook Point by vehicle ferry. Keep a watch out for dolphins.
- Northward bound - travel by 4WD along the seemingly endless golden highway of 75 Mile Beach. Awesome.
- Inland sand tracks through heathlands, towering hardwood forests, sub tropical satinays, kauris etc.
- Swim and unwind at crystal clear Lake McKenzie or Lake Birrabeen - famous for its turquoise colours and fine dazzling, white silica sands.
- Delicious "Aussie style" sizzling bush barbecue lunch with welcome icy cold drinks (included).
- Pristine rainforest - luxuriant canopy of palms and vines.
- Let's go there's still plenty to do.
- Eli Creek - swiftly flowing - nature's paradox. Time for a lazy dip. Refreshing.
- Shipwreck of the SS Maheno - built in Scotland 1904 - a permanent fixture to the Northern Beach since 1935.
- Intriguing Coloured Sands formations featuring 72 colours or hues - part of the World's largest sand island.
- Our group will plan to be back in Rainbow Beach about 4.30pm and in Noosa 6pm depending the tour routes we have taken for our unforgettable day out.
